

As a United States citizen and taxpayer, I believe it is my right to determine who I want calling my home and who I do not want calling. I do not want the telephone privacy law in Indiana to be softened, terminated, etc. This law has nearly eliminated all unwanted calls to my home. I am very grateful and appreciative of this and do not want to become fearful of answering my telephone again. I do not want to receive any calls from members of the CBA. I am well aware of the banks in my community and will contact them if I need their services. I do not want them seeking me out. Thank you for your time and attention to this matter.
